

STRETCHY SAND®

What's more satisfying than playing with Magic Sand or Slime?

High5 Products now has the best of both worlds!

Stretchy Sand® is unique and unlike anything you've ever seen or felt before.

It's solid like clay, flowy like sand and stretchy like slime.

You can knead it, build shapes with it or stretch it into a soft cotton candy cloud. Due to a special coating, the grains of sand will stick together so that your playing area won't get messy. Beware... once you touch Stretchy Sand® you won't be able to take your hands off it!
