Loyalty programme: **MARBLE RACERS**

Marbles are back and they're all the rage! And High5 Loyalty has lent its own contemporary twist to them by introducing our exciting Marble Racers game. Customers have the opportunity to collect a series of unique marbles featuring action figures. The loyalty programme encourages customers to collect the whole set, which promises endless fun for young and old alike. Change the theme and/or game format and use the construction kit to construct a spectacular marble-racing track!
