 Heart tag 10cm x 9cm

## RECYCLED DRAWSTRING BAGS

THIS BAG IS MADE FROM RECYCLED BOTTLES

## HOW IT WORKS

Postconsumer bottles are collected from different places all around the world.

The bottles are ground into small pieces. These flakes are carefully cleaned and sorted by colour.

The sorted flakes are melted and compressed into compact granules.

These granules are melted and compressed into high quality yarns.

This sustainable yarn is being woven or knitted into fabric.

With this fabric we make a sustainable bag!

HIGH5 Products develops unique and successful collections. In this brochure, we will provide you with an inspirational preview of the very latest trends. When the production of this new concept begins, it could be that the end product will differ slightly in colour, size or packaging compared to that which you are seeing here. We would appreciate your understanding for this.
